

# Peplum Gore Pattern

Four gores make a half-circle peplum.

See "Flare for Peplums" by Judith Neukam in *Threads* #196, April/May 2018, for peplum design inspiration and techniques.

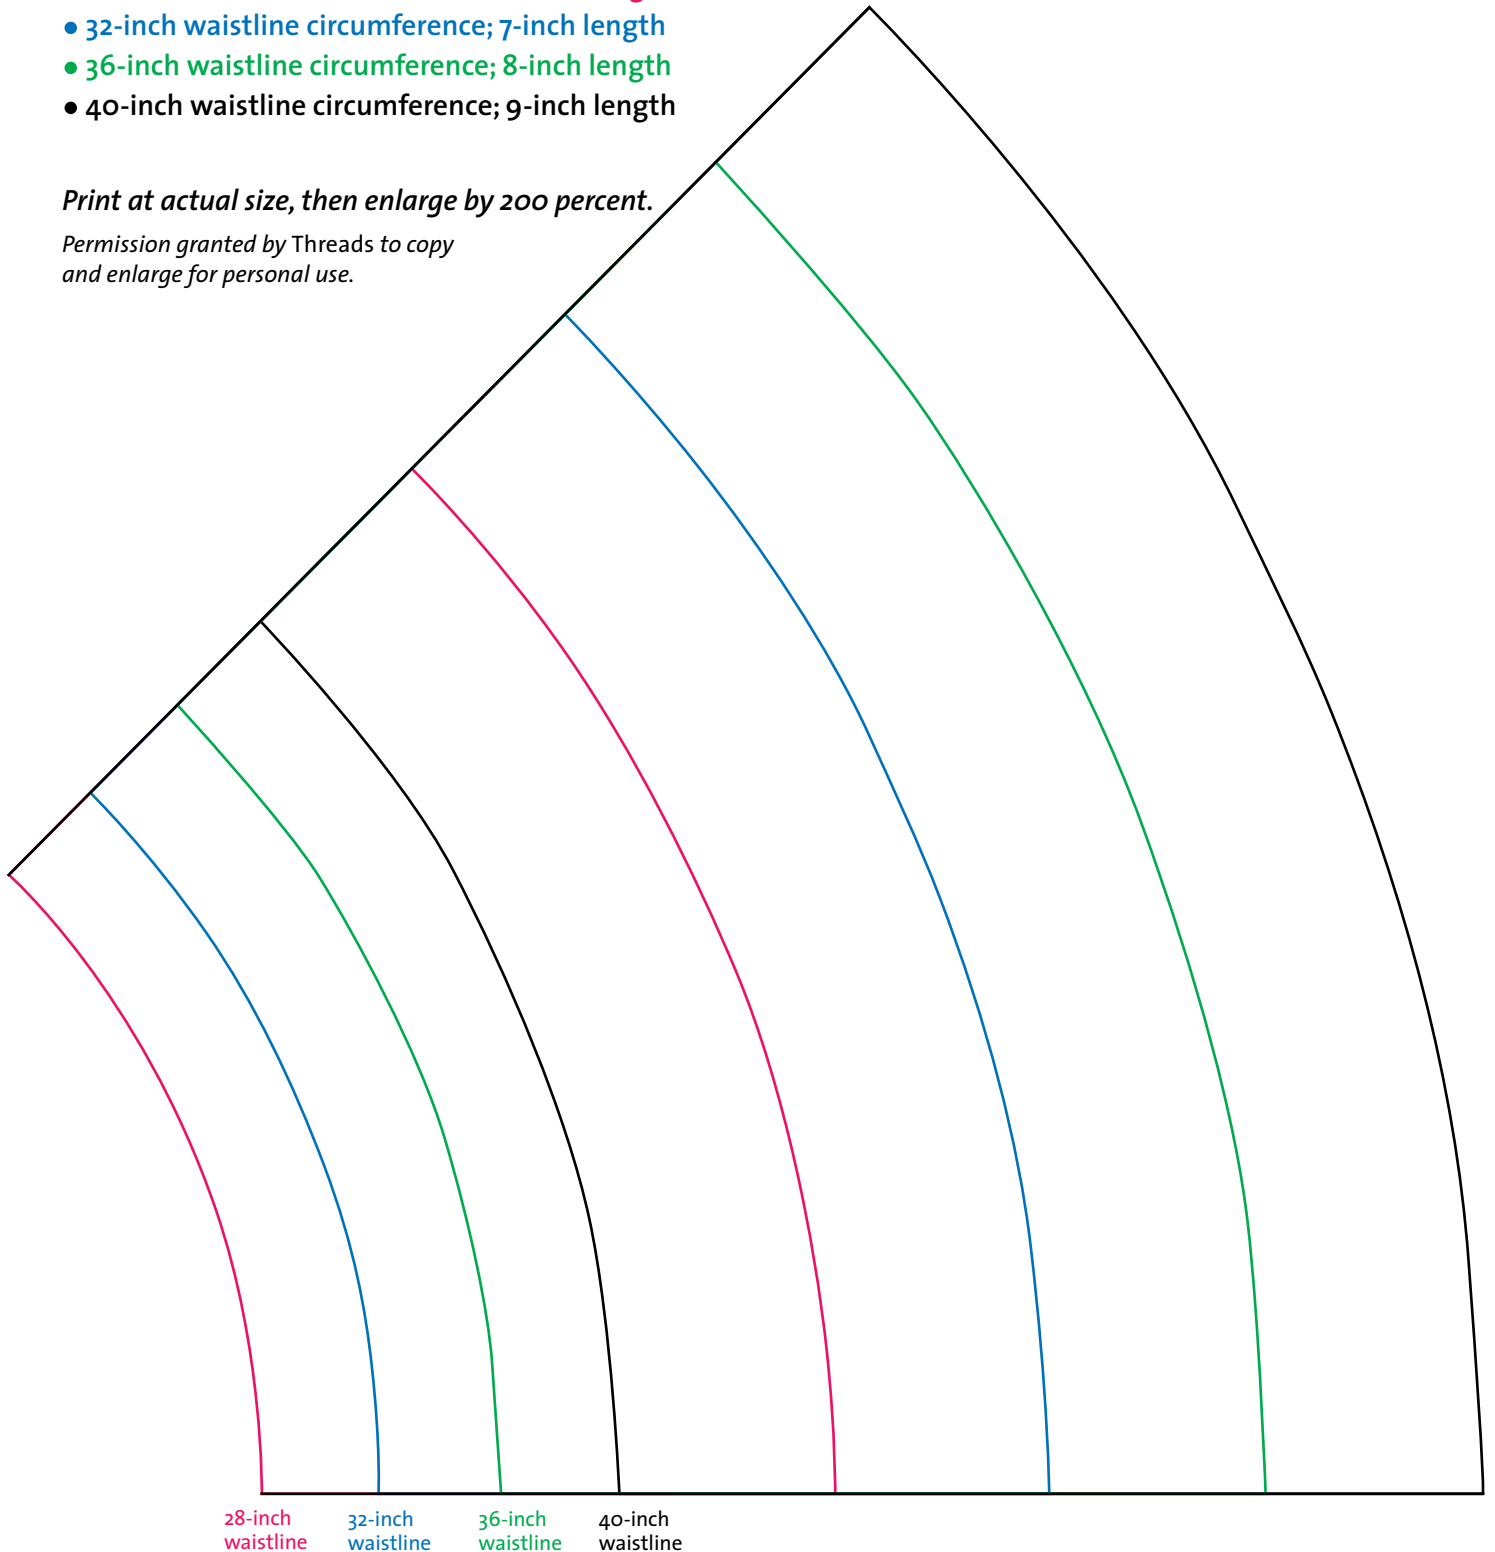

Seam and hem allowances are not included.

Choose a size based on your garment's waistline circumference. We've suggested color-coded lengths, but adjust as desired.

- 28-inch waistline circumference; 6-inch length
- 32-inch waistline circumference; 7-inch length
- 36-inch waistline circumference; 8-inch length
- 40-inch waistline circumference; 9-inch length

*Print at actual size, then enlarge by 200 percent.*

*Permission granted by Threads to copy and enlarge for personal use.*
